

## Patsy Williams receives award

**Patsy Williams of Mount Barry Station has received recognition for services to the community via the Barry Wakelin awards.**

At the annual School of the Air farewell, held on the 12th and 13th of December last year, Patsy received her award entitled the Barry Wakelin School Community 1998 award. It was presented to Patsy in recognition of her service to the School of the Air, in particular her organisation in fundraising and the 40th birthday celebrations held earlier this year.

When asked how she felt about the award, Patsy said, "It was a big surprise as I didn't expect to receive it."

Patsy does some great work with School of the Air which services children in rural areas who don't have access to schools. Keep up the great work Patsy!
